HIGHLIGHT GOLF COURSE OF THE MONTH!

BOWDEN GOLF COURSE

This month we headed to North Macon and let me tell you it was worth the drive. Based on conversations I had heard the city invested in the golf course and it paid off. You never know but my first view of the golf course was very good looking green grass. Something I have not seen much of in Houston County for a long time. As we proceeded the day got better and better as we made our way around the track. Now not every single section of the golf course was perfect however the overall conditions were spectacular. The greens were mostly in great condition. Lush full green grass that was rolling firm. Most of the tees and fairways also had plenty of great lies to enjoy the day from. The course is perched up on a tall hill where at a couple of points you can see for miles out over downtown Macon. Down here in HoCo we have completely ignored our muni course so it was a breath of fresh air to see a community get behind their city course like this.

I have encountered a number of players who drive all the way to Bowden just to play on actual grass. They won't play at International City because the fairways are mostly sand or dirt. It is a shame the local community has not taken a play from the playbook in Macon to invest and appreciate how muni courses play a role in our community. We have people driving from Perry and beyond just to get a taste of playing golf from green grasses. This needs to change at places like ICGC and all the courses in central GA. We as the players need to demand better conditions and then expect it. Even if it means beating down the doors at city hall.

Jack Dean and I had a great conversation and it was my first time meeting the HGP of Bowden. This good ole boy from Texas is a pleasure to talk with and I can see how the locals enjoy his presence at Bowden. Be sure to pay him a visit when you arrive or let him know that you are playing or played his golf course because you read this article.

BACK**b**NINE®

Once again, we have the future of golf right here in Warner Robins. A second golf simulation facility has recently opened in the heart of Bonaire. The Back 9 Golf simulator facility is a national franchise business with stores popping up all over the state of GA and across the country as well. The purpose of this facility is to present its members 24/7 access to the golf sim bays. Yes, that is correct you can play golf at 3 AM if that is what fits your schedule the best. Members receive access to the bookings online and can schedule their bay time via their mobile app and when they arrive at the facility, they get access via a text message and email that sends a code to the front door. There are no staff!! You get access via this communication and can go to play golf, work on your numbers or swing any time all day long.

The Back 9 Golf group has partnered up with the Full Swing golf launch monitor and simulator company known for their role in the TGL series we saw on ESPN this past winter. The same basic technology used to fuel that league for Rory and Tiger is being used inside each bay at these franchised locations. There is a large array of golf courses to play along with various practice simulated environments and a nice selection of fun games to play with the kids as well. My kids love putting with the Skee ball sim game and tic tac toe to name a few.

This is a membership driven facility so once it fills up members only play will be the only access. There are 3 levels of basic memberships available plus a corporate option. Escape the summer heat, the rain or the cold winter. This type of facility provides the supplemental access you need when you are not at your normal golf course. In the future things like leagues, tournaments and more will also provide an extra level of enjoyment being a part of this group. Get your membership information now by going to <https://thebackninegolf.com/warnerrobinsga/>.

PLAY BETTER GOLF, DEVELOP YOUR GAME

by Ryan Carpenter

Changing one thing in your golf swing doesn't develop your game into a new and improved way to drop 7 to 10 handicap shots. Often one change requires 6-7 other changes along with it in order for that one change to actually become an effective way to change your output in route to developing a new game. If you don't know or have all the information you can be in fact wasting your time unfortunately. It is critical for a player to have success to have a comprehensive look at everything that is effecting them in achieving their goals. Without all the information you can actually make your golf swing worse as well. So be sure that you are correctly working towards realistic long term success with your game. Don't take just one tip or idea and run to the range. It is more likely to hurt your game then help you. Sign up for the evaluation lesson today to get the whole picture.

JUNIOR GOLF CORNER

June means golf camps!! Be sure to check out all the local golf courses for times and rates for this summers Junior Golf Camps. There are many options so sign up for them all!! It is a great way to get the kids out side with others to learn a few tips and get involved with golf. Often the days end with some treats and even some pool parties so be sure to check in on all the details at each facility. Houston Lake GC, Southern Landings, the Back 9 are just some of the options we know are available. Register now before they spots are all filled up!!

U.S. OPEN GOLF!!

June is here which means we have finally arrived at that time of the year. Our time honored national championship presented by the USGA and one of the four Majors! The US Open returns to Oakmont once again. This cherished golf club has history way too long to cover in a short column. Among the many attributes the club hosts 120 years of existence with only 8 head golf professionals. One of which is Bob Ford who has found his way into many of our professional lives via his historic run at Oakmont. The PGA and the golf business owes him a ton of recognition and gratitude. Tune in for the great golf and to see the golf course but also take some time to get to know this legendary golf club. It is will worth every word you read.
